Skills

React Js

Redux, Redux Saga

CSS

HTML5

GraphQL

Git

Jest

Material UI

JavaScript

Python

Agile(Scrum)

Experienced Full Stack Developer with 3 years of industry experience. Skilled in building robust, scalable web applications. Proficient in data structures, algorithms, and staying updated with the latest technologies.

Work History

2021-01 - Current

Senior Front End Developer

Accenture

- Developed user interface using technologies including React Js, Material UI and Bootstrap.
- Translated design concepts from Figma into functional UI components.
- Optimized application performance by simplifying Cypher queries in Neo4j, enhancing data retrieval efficiency, and achieving response times below 5 seconds.
- Employed Redux for efficient state management within application, utilized Redux Saga middleware for managing asynchronous operations within Redux.
- Conducted thorough code reviews to ensure code quality, consistency, and adherence to best practices within development team.
- Integrated REST and Web Socket endpoints for real-time communication capabilities.
- Familiar with Agile methodology in project management, proficient in sprint planning, backlog grooming, daily stand-ups, and retrospective meetings to ensure timely delivery of high-quality results.

Technologies - React Js, Redux, Redux Saga, Javascript, Node Js, GraphQL, CI/CD

2021-03 - 2021-06

Internship

Celebal Technologies

- Developed and prepared efficient SQL scripts for data insertion and deletion in MySQL database.
- Maintained documentation of database schemas, scripts, and stored procedures for future reference.

Education

CI/CD Pipeline

Node Js

AWS S3

2017-07 - 2021-07	**B.Tech: Computer Science** *Oriental College of Technology - Bhopal*
2015-04 - 2017-06	**Intermediate in Science** *St. Judes Higher Secondary - Shahdol*

Projects

Issue Tracker
Developed a Node.js + EJS application to track issues/bugs for a project. Implemented a home page that displays a list of projects and allows users to create new projects with fields including Name, Description, and Author. The newly created project automatically appears in the project list.

Certifications

Microsoft Azure Fundamentals - AZ900

Infytq - Infosys Certified Programmer

HackerRank - Problem-Solving Skills (Python)

Volunteer Experience

Meal to Heal, Committed to feeding stray animals daily as a volunteer to help ensure their wellbeing and survival. Engaged with my friends to encourage broader support for animal welfare initiatives and promote the importance of caring for stray animals.
